

# Numbers

Number **1** is like a stick. A straight line down that's very quick!  
For number **2** go right around. Then make a line across the ground!  
Go right around, what will it be? Go round again to make a **3**!  
Down and over and down some more. That's the way to make a **4**!  
Go down and around then you stop. Finish the **5** with a line on top!  
Make a curve, then a loop. There are no tricks to making a **6**!  
Across the sky and down from heaven. That's the way to make a **7**!  
Make a "S" and then don't wait. Climb up again to make an **8**!  
Make a loop and then a line. That's the way to make a **9**!
